

INFRARED LAMP

IRPEV3

INFRARED LAMP WITH CONTROL SYSTEM

The use of infrared lamp is essential for composite repair irregular shapes when the contactless heat source is required.

Programs with specific time cycles and a maximum of two levels can be created without manual thanks to the color touch screen 3.2".

Our IR lamp is very useful and can be positioned easily. Pivoting casters with brakes and articulated arm allows to position the lamp precisely and offer a great stability.
