

VACUUM HOSE

ACCESSORIES

VACUUM HOSE

The vacuum hose is a product that is often found in the composite industry. This pipe is directly related to measuring or drawing vacuum in your oven.

The hose is shipped with:

- 1 vacuum hose with male adapters ¼ from each side
- 1 female QRC connector ¼
- Spring at each end

Vacuum hoses equipped with an external spring are more resistant: the spring slows the wear process and guarantees unbeatable lifespan.

IDEAL FOR

- ✓ Oven

ADVANTAGES

- ✓ Economical hose
- ✓ Very flexible and resistant

TECHNICAL INFORMATION

- ✓ Length: 3m
- ✓ Temperature: 200 °C
- ✓ Pressure: 0 to -1 Bar
- ✓ Silicone hose + QRC INOX
